Overall progress of students:

The students are progressing well.
This is a new subject for them but they are trying their best to learn.
They are coming to the Islamic class in Kicevo every day of the week except weekends.
They are learning for 2 hours a day Monday to Friday.
They are very punctual and are putting in good effort.

Advice given to teacher:

Teacher was told to carry on motivating the children as some may find it difficult at first due to it being their first time learning about Islam.
Teacher was also told not to feel down about students not learning as quickly as other classes because they are beginners and it will take a bit of time for them to learn.
