**What did the children learn about in the past 3 months?**

The students have learnt about the topics of Wudhu, Salah, and Tayammum in Fiq'h over these past few months.  
Some students have also started learning about fundamental beliefs (Aqidah). This will help them become stronger Muslims.  
Almost all of the students have completed the Qa'idah and have moved on to learning the Qur'an looking inside.  
Students are also memorising the Qur'an and all of them know at least 5 Surahs each.

**Overall progress of students:**

The children enjoy coming to the lessons and this is reflected in their punctuality.  
This class is on the intermediate level.  
The students are well-behaved and give their best in the lessons.  
The students are receiving 8 hours of Islamic education in our class in Oktisi.

**Advice given to teacher:**

Teacher was advised to encourage the students to pray the Qur'an at home as most of them know how to recite looking inside.  
This will help the students improve further and also make it easier for the teacher.
